RCE Electric Forklift Truck

Detailed Photos

Easier to manoeuvre and more compact: the three-wheel forklift truck moves safely even in the tightest of spaces

Compact and stable: the four-wheel forklift truck impresses with stability and safety, even on uneven ground

Charging made easy: the standard lithium-ion technology with lateral quick-charging access enables convenient charging

Everything at a glance: all relevant information is compiled in an easily legible format on the large colour display

Flexible and comfortable: thanks to continuous adjustability, the driver's seat and steering column can be customised quickly and easily

Everything safely in view: the slender triplex mast provides optimum visibility and lifts loads to a height of up to 6.5 metres

See and be seen with the lighting system that can optionally be customised

Ideal for outdoor use: with generous ground clearance and an optional enclosed driver's cab for reliable protection from harsh weather conditions

RCE Electric Forklift Truck
Simply fits.

Simply easy

- Ideal for confined spaces: extremely compact and manoeuvrable electric forklift truck with a minimum width of just 1,120 mm
- Efficient, fatigue-free operation thanks to the ergonomically and intuitively designed operator's cab, where all control elements are in the field of vision and can be reached easily
- Ergonomic leg position and ample room to move in the footwell
- Precise load handling and sensitive steering thanks to the intuitive single-pedal operation and the tried-and-tested STILL multi-lever hydraulics operation
- Clear view for efficiency and safety: large all-round windows and narrow roof guards provide full visibility from the driver's seat
- High level of handling performance and safety thanks to the large colour display, which clearly displays important information such as driving direction, battery level and driving programme

Simply powerful

- Efficiency in the warehouse: the RCE 15-20 Li-Ion can lift up to 2.0 tonnes with a load centre of 500 mm and particularly economical energy consumption
- Impressive goods handling thanks to powerful, low maintenance motors, a lifting height of up to 6.5 metres, as well as a maximum driving speed of 16 km/h – all with excellent manoeuvrability
- Powerful and efficient even in tough environments thanks to front-wheel drive and encapsulated, maintenance-free 80 V AC drive motor
- Robust, long-lasting and low-maintenance: tough materials are used for exposed components (steel instead of plastic), and there are additional covers for sensitive elements such as lights or lamps
- Also ideally suited to outdoor use thanks to high ground clearance and an optional closed operator's cab for reliable protection against harsh weather conditions

Simply safe

- Safe load handling thanks to bend-proof and torsion-resistant mast profiles
- High stability due to the truck's low centre of gravity
- Safe driving with Curve Speed Control driver assistance function
- Comfortable getting on and off thanks to the grab handle and non-slip step edges
- See and be seen: the RCE 15-20 Li-Ion can optionally be equipped with additional safety features such as a glass roof, sun visor, Safety Light or Safety Zone Light
- Quick and safe fastening and unfastening thanks to the optional EasyBelt restraint system
- Comfortable in every direction: the rear grab handle with integrated horn button ensures optimum safety and an ergonomic posture even when reversing

Simply flexible

- Individual workplace set-up thanks to spacious storage areas and a continuously adjustable steering column
- Driver comfort and ergonomic working: the workstation can be flexibly adjusted to different operating conditions
- Safe and situational load handling with the sensitive multi-lever hydraulics operation
- Convenient interim charging at any time thanks to lithium-ion and lateral quick-charging access

Simply connected

- Fast service analysis and parametrisation of settings thanks to CAN bus interface

RCE Electric Forklift Truck

Simply fits.

Impressively manoeuvrable: with its compact dimensions, the RCE is unmatched even in the smallest of spaces

Get in and get going: the intuitive operating concept and ergonomically designed workspace ensure maximum comfort and ease of use

Safety without compromise: high levels of safety and all-round visibility ensure the best possible protection for people, vehicles and goods

Do you want a partner who is there when needed, is easy to work with and gets things done quickly? Look no further – the RCE 15-20 is just what you've been looking for. The compact three and four-wheel electric forklift truck handles occasional transport and stacking tasks either indoors or outdoors in no time – for online retailers and wholesalers, in DIY stores or in the workshop. It impresses with its robust design, efficiency and impressive manoeuvrability. With its

good all-round visibility, safety is at the forefront when it comes to transporting goods. Thanks to li-ion batteries, you also benefit from decentralised interim charging and a convenient lateral quick charging access. Plus, with the RCE 15-20, even the buying process is simple: it is available at short notice, can also be ordered online, guaranteed with the customary STILL quality and with the reliable STILL service – and at an attractive price. So we would say: it simply fits.
